The path to net-zero in uncertain times

Fresh Energy's 2026 Benefit Breakfast

Sponsorship Opportunities

Fresh  Energy

October 8, 2026 at 8 a.m.
Saint Paul RiverCentre

**Keynote
Speaker**
Jesse Jenkins

You're invited to join Fresh Energy as a sponsor of our 11th annual Benefit Breakfast and Fair of the Future all-electric showcase on October 8, 2026, at the Saint Paul RiverCentre. This energizing and inspiring event will feature Jesse Jenkins, a nationally recognized researcher and energy systems modeler, analyst, writer, and professor at Princeton University.

Together, we will explore how the abundance of clean energy opportunities available to states can keep Minnesota moving forward on the path to net-zero amidst uncertainty for clean energy and climate progress in Minnesota and across the country.

Participate in the dynamic Fair of the Future an all-electric showroom featuring the latest vehicles, bikes, lawn tools, gadgets, and more. The Fair is a great opportunity for guests to interact with event sponsors and network with other clean energy leaders and enthusiasts before and after the breakfast program. Sponsors who contribute \$3,000+ have the opportunity to promote their business at the Fair of the Future.

Audience and Reach

Your business will receive prominent brand recognition, networking opportunities, and demonstrate your commitment to a clean energy future.

Expected Attendance:
700+ in-person guests

Website:
128,200 annual visitors
225,900 annual page views

Social Media:
8,300 followers

Email:
8,600 subscribers

Leading the Charge

The path to net-zero in uncertain times

Fresh Energy's 2026 Benefit Breakfast

About Fresh Energy

Fresh Energy is an independent, 501c3 nonprofit organization working to advance ambitious, effective climate policy that will cut carbon emissions to net zero while reducing disparities and building prosperity. Founded in 1992, Fresh Energy is a trusted energy leader with a proven track record for achieving measurable progress toward an equitable and sustainable energy future.

Mission and Vision

Fresh Energy's mission is to shape and drive bold policy solutions to achieve equitable carbon-neutral economies. Together we are working toward a vision of a just, prosperous, and resilient future powered by a shared commitment to a carbon-neutral economy.

Benefit Breakfast Overview

Fresh Energy's Benefit Breakfast is a high-energy, inspiring event that attracts over 700 committed clean energy enthusiasts, advocates, supporters and business partners, government and community leaders, and stakeholders from academia and philanthropy.

Sponsorships underwrite the cost of the Benefit Breakfast, and all proceeds from the event will support Fresh Energy's mission. Accepting event sponsorship support does not reflect Fresh Energy's endorsement of specific sponsors or their products, services, or opinions.
